**Remote/home learning with Google Classroom**

Dear Parent/Carer,

As you will be aware, since the lockdown in March 2020, we have been providing home learning for all children, when needed, through our school website.

Since September we have been working on moving towards using an online learning platform, *Google Classroom*. This will now be used in the event of a full or partial school closure and to provide home learning for individual children who are having to isolate.

All staff have now been fully trained in its use and children have experienced accessing *Google Classroom* with a specialist teacher.

A guide to using *Google Classroom* at home is available on our school website. This guide is intended to support parents in helping their child access their home learning.

In the event of your child having to isolate, their login details will be issued so they are able to access *Google Classroom*.

If you require any further assistance with this, please call the school office on 01772 796009.

Yours sincerely,

Ms Clough

Headteacher
